PROFILE

UX/UI designer and design engineer. I take products from user research to interface design to AI-assisted front-end builds, so what I design is what ships. Minimal, detailed, and inspired by anime storytelling.

EXPERIENCE

● DESIGN ENGINEER | 2026 - PRESENT

AMEN · AMEN.AFRICA

- Designed and built the home page, waiting list and Community page.
- Created the brand guideline.
- Shipped the admin audit log: search, filters, light and dark, responsive.
- Build with Claude Code; every change reviewed and merged on GitHub.

● GROWTH DESIGNER | 2025 - 2026
